June in Lviv

The familial occasion "Children's Protection Day in Svity"

A delightful day was spent in the company of families, children, friends, and partners. The day was filled with heartfelt conversations and laughter, joyful activities, delectable treats, and, of course, creative masterclasses: denim painting, candle making, and crafting bouquets from wildflowers.

The ambiance of tranquility among friends and caring individuals – that's how this exceptional day unfolded, and we were elated to share bright emotions and witness joyful children.

The dramatized excursion at the Franko's House "A visit to Franko's family"

Adolescents had the opportunity to delve deeper into the renowned writer Ivan Franko. They embarked on a dramatized tour and listened to stories "from the horse's mouth" – from Ivan Franko and his wife Olha, immersing themselves in the past century and hearing tales of family life. Participants witnessed the household where the family lived and relaxed, had the chance to touch their personal belongings preserved to this day, and sensed the atmosphere of those times. The excursion facilitated a better understanding of Ivan Franko's creative journey, his ideas, and values that have left a profound mark on Ukrainian culture.

The sculpting workshop

Under the guidance of experienced masters, children tested their skills in sculpting. This process fosters creative thinking and imagination; some discovered a new intriguing hobby. Each created their unique item – a mug or a plate, which they took home after firing. The masterclass not only immerses in the world of creativity and craftsmanship but also aids in a better understanding of the cultural heritage of our ancestors.

June in Cherkasy

The excursion to Uman

In June, teenagers from the "Svity" branch in Cherkasy embarked on a magical journey to the picturesque Sofiyivsky Park in the city of Uman, which has been welcoming guests with its beauty and grandeur for 229 years. The park offers a myriad of activities: strolling, boating on the underground river, immersing in history, nature, fun with friends, and delicious pizza. We spent a splendid day together!

The rescue quest

On June 22, we visited the "Safety Celebration" quest organized by representatives of the Cherkasy Institute of Fire Safety. Participants tackled various tasks under the supervision of experienced trainers and institute cadets: they "eliminated" chemical hazards, climbed ladders to the second floor, and some even to the third, observed a first aid masterclass, and practiced on mannequins. Next was mine clearance: donning special suits, protective masks, and using metal detectors, they attempted to find mines. Finally, there was a relay race involving a real fire hydrant. Everyone coped splendidly!

June in Khmelnytskyi

The art therapy session with the psychologist

An enthralling art therapy session unfolded, unveiling new horizons for participants on their journey towards realizing their dreams. Adolescents explored their potential and endeavored to unleash their creative forces. Each participant had the opportunity to delve into their imaginations, emotions, and goals through the creative process. It was captivating!

The trip to Samchyky

In June, we journeyed to the enchanting village of Samchyky, renowned for its unique painting technique – Samchykivskyi painting. Adolescents curiously explored every corner of the park, discovering new plant species and relishing the fresh air. The next item on our agenda was a masterclass in Samchykivskyi painting. Under the guidance of talented masters, we immersed ourselves in the process of creating vibrant patterns that convey the spirit and traditions of this art form.

June in Khmelnytskyi

The camp "Svity" in the Carpathians, 1st shift

In June, children from the branch in Khmelnytskyi set off on an exciting journey to the Carpathians, where they participated in an active program at the rejuvenating camp "Svity," while also enjoying picturesque landscapes and fresh mountain air. A highlight was the thrilling rafting adventure on a mountain river, which provided unforgettable emotions. Equally captivating were the mountain hikes, where the youth conquered the peaks.

The adolescents gained invaluable experience in teamwork, learned to overcome challenges, and interact even in extreme conditions. These emotions and inspirations will endure for a long time.

June in Zhytomyr

The quest game "In Search of the Longwing"

During the quest, we honed our soft skills, learned the basics of social cohesion, critical thinking skills, and information resilience. Adolescents gained: new friends, valuable connections, a fun team atmosphere, unforgettable impressions from participating in the quest game, as well as enjoyed a tasty pizza snack and received memorable souvenirs as keepsakes.

The visit to the rescuers

Adolescents attended an informative training session led by professional firefighters. They discussed the risks in the profession, danger, irregular schedules, and the calling of becoming a firefighter. They also gained an intriguing experience in the role of rescuers – donning specialized gear, sitting in the driver's seat of a fire truck, and acquiring essential knowledge that could save lives.
