## Workshop on making Christmas tree decorations

December at SviTy was filled with a creative atmosphere and warmth. We held a workshop where we made Christmas tree decorations by hand, and then all decorated the tree together. We used a variety of materials in the process: burlap, hardware, real pine cones, and much more.

## Workshop on making New Year's cards

At another creative workshop, we created New Year's themed cards with a snow globe, for which everyone came up with their own unique design. Such events are a wonderful opportunity for unleashing creativity, allowing you to distract yourself, relax, and even discover new talents.

## Christmas party

On Christmas eve, the Svity team welcomed children with a festive warm program with gifts and surprises. We thank our defenders for the opportunity to host the holiday for kids and our partners for the incredible gifts and sweet surprises. The children were so happy, and this is the most important thing for us.

The sincere smiles and happy eyes of the children once again reminded us of the great importance of doing good, giving each other love and joy. We rejoiced together, smiled, and had a great time. We wish every family health and happiness! Good will definitely overcome evil, and light will conquer darkness! We believe in Christmas miracles!

## Active start of the month

In December, teenagers participated in English classes, where they were communicating exclusively in English. To improve their psychological state, we held two art therapy sessions where they painted the garden of their soul, fears, anger, strength, and joy. The children got rid of negative emotions and understood where they find strength and joy. There was also a "Money" workshop where they learned about financial literacy.

## Gingerbread decoration workshop

On the eve of the holidays, children decorated gingerbread cookies, painted Christmas baubles, and decorated the hall before the party, while thoroughly enjoying the process. Thanks to the unique decorations created by hand and the joint efforts, we managed to create a cozy atmosphere.

## New Year's Eve party

At the end of the month, Svity participants received wonderful gifts from partners, guessing who brought what, making the process even more fun. Later, we had a fun party where we received many positive emotions, made new acquaintances, and loads of impressions.

For teenagers, this is a wonderful opportunity to spend time in a warm and friendly atmosphere, get positive emotions, and create new memories, which is incredibly valuable for everyone!

## Workshop on making Christmas tree decorations

In December, we held a workshop on making Christmas decorations. For teenagers, this was a great opportunity to forget about the daily worries of school, psychologically recharge, and become even closer to each other.

SviTy participants created incredible masterpieces with their own hands and enjoyed a friendly and warm atmosphere.

## Workshop on making "Didukh" talisman

Is there anything in common between the concepts of "family strength," "Ukrainian traditions," "national code," and "Didukh - family talisman"? We talked about this during the workshop on making Didukh with our own hands. Thus, family strength is combined with Ukrainian traditions through the "national code," and Didukh becomes a symbol that reflects this unity, embodying strength, traditions, and national self-awareness. This interaction creates an inexhaustible reserve of energy and support for the family hearth.

## New Year's Eve party

The New Year's Eve party was a bright final event in 2023. Throughout the year, children gave each other sincere smiles, talked about their dreams and experiences. Our community became even better thanks to each of the participants. Tasty pizza, sweets, and colorful books added to the mood in the days before the New Year.
